### ***"From The Inside Out - Changing Inner Working Models"***

Traumatized children 'act' in the world in ways that leave carers and workers feeling confused, angry and powerless. It does not have to be this way!

12.30pm

### ***"Grief & Loss - Finding Hope When all Feels Lost"***

Children who have been removed from their families arrive in care with very mixed emotions. These emotions if not expressed or understood can cause deep pain and ill health.

Thursday 6<sup>th</sup> of May, 6.30pm-  
9.30pm

### ***"Mad, Bad or Sad – Trauma and Attachment a Refresher"***

It's conclusive – trauma caused by abuse 'changes the brain' in ways that impacts a child's ability to be the 'boss of their feelings' or to form strong and enduring relationships.

Friday 18<sup>th</sup> of June, 9.30am-  
12.30pm

### ***"Who's In The Driver's Seat? - Road Testing Interventions"***

If a child is 'running their own race' then the 'adults' are not in the 'drivers seat'. Creating a 'therapeutic treatment' environment in residential and foster care is achievable!

Friday 13<sup>th</sup> of August, 9.30am-  
12.30pm

### ***"Punishment Versus Discipline - The Consequences of Consequences"***

When Children are 'misbehaving' what should we do? Punish, discipline, use consequences, or give them an ice cream?

Thursday 7<sup>th</sup> of October, 6.30pm-  
9.30pm

### ***"Punishment Versus Discipline - The Consequences of Consequences"***

When Children are 'misbehaving' what should we do? Punish, discipline, use consequences, or give them an ice cream?

Friday 3<sup>rd</sup> of December, 9.30am-

### ***"What You Said was Not What I Heard" – Speaking in Tongues"***

Swearing, violence, withdrawing, tantrums, lying are but a few behaviours traumatised children use to tell their 'story'. Translation provides meaning and promotes healing.
